### ANNOUNCEMENTS

FOR OFFICE, PUBLIC INSTRUCTION,  
McHENRY RHODES, FRANK L. FELIX,  
EDITORS AND PROPRIETORS.

WE ARE AUTHORIZED TO ANNOUNCE

WE ARE ANNUALLY PREPARED

AS A CANDIDATE FOR RE-ELECTION TO THE OFFICE

OF SUPERINTENDENT OF PUBLIC INSTRUCTION, SUB-

MITTED TO THE VOTE OF THE DEMOCRATIC STATE

CONVENTION AT LOUISVILLE IN MAY, 1867.

FOR THE LEGISLATURE,  
H. B. KINSOLVING.

The Calhoun Democrat improves with every issue, and is brief, full of local news, one essential feature in a local newspaper.

The Owensboro Messenger is a mammoth double number of last Friday, presented the many advantages of that city in strong and glowing terms.

The Yellow Sentinel issued a double number and trade edition last week that was a good index of the strong tendency in the State to honor her interests.

T. H. Morris has sold the Bullitt Courier to C. E. McCormick. Mr. Morris has conducted the Courier with marked ability, and while we regret to lose him from our immediate companionship, we extend a friendly greeting to his successor.

Next week will conclude the story of "Distribution" that has been running in the Herald for the past few months. The interest from the start has been unabated, and we feel confident in saying that we have furnished our readers with a romance as classic as it was enterprising.

In this issue, we publish the certificate of the County Committee declaring H. B. Kinsolving the nominee of the Democratic party as a candidate to represent Ohio county in the Lower House of the next General Assembly. Taking into consideration the fact that Mr. Kinsolving had no opposition, the vote polled in the primary, was a very good one, especially in those places where there was anything like organization existing. Mr. Kinsolving is a fearless exponent of the Free Soil party, and will make a most active advocate for the benefit of the party, but he must have the undivided support of the party that nominated him to be elected; to give a hearty and unanimous endorsement of the principles he advocates, by a handsome majority at the election in August, as little as the Democracy of this country can afford to do.

### STATE POLITICS.

The returns from last Saturday's conventions show that there is unanimous action in the Democratic party throughout the State. In some instances, the contest was a little exciting, but nothing occurred to materially mar the harmony of the various county conventions. Several counties that had candidates for various offices failed to instruct, but of those counties that did instruct, the vote may be summarized as follows:

For Governor, Buckner 578; Her. McH. 543; H. B. 52; H. Hayes, 2; For Lieut. Governor, Bryan 285; Read 18; Handb. 23. For Attorney General, Richards, 117; Hudlin, 293. As regards the other offices, the indications were that Tate, Hewett and Corlett, will receive the nomination by large majorities, while for Superintendent of Public Instruction, the race will be very quiet, notwithstanding the fact that the lead, followed closely by Boring as a strong second. The convention meets in Louisville one week from to-day, and will no doubt be a very quiet, uneventful affair. Buckner will go into the convention with very nearly a strong enough majority to nominate him, and all of the candidates will have a walk-over, so to speak, except the Superintendent of Public Instruction.

The campaign this summer will be no tame affair, for it has long been understood that the Republicans were marshalling their forces for the strongest and most determined fight that has been enacted in the political arena of Kentucky for many a day past, and that a mighty effort to reduce the Democratic majority will be made. But with a good ticket and armed and equipped with the principles of justice, honor and economy, the Democratic party need fear no evil, but may safely count on a forty thousand majority on the first day of next August.

### PERMANENT STRUCTURES.

A prominent and progressive member of the Ohio County Court of Claims said: "I am in favor of iron bridges for the reason that they are more permanent and cost the county less in the long run." This is sensible, and the bridge is to be studied. Every bridge in the county which cost in its construction over \$1,000 should be replaced by an iron bridge, when a new one is needed.

Hayes county appreciates the value of lasting, stable work, as will be seen by the following quotation from the *Herald*:

"As will be seen from the report of work done by the commissioners of public works, the county will make no more bridges in Hayes county, except by means of removing those existing structures and replacing them by a piece of the rolling wooden bridges. The commissioners are of the opinion that experience has proved that money put into them is well spent. There is no expense in getting rid of them, for repairing, and the more graceful and substantial bridges are a credit to the county."

### THE CONVENTION.

A Fair Representation From All Parts of the County.

Harmony and Unity Still Prevail in the Democratic Banks.

Progress to the call of the State Executive Committee, a large crowd of Democrats assembled at the courthouse last Saturday to appoint delegates to the State Convention, to give the tractionists their delegates. The Convention was called to order by Senator Turner, who stated the object of the meeting, and expressed himself greatly in favor of the cause of the tractionists, and maintained the same during the period of his official action, and rendered his resignation as chairman of the County Committee.

On motion of Dr. Fogle, Hon. H. C. Morrison, chairman of the State Committee of the convention, Mr. McHenry, in a very appropriate speech, thanked the house for the honor done him, and the Democrats for their support, and maintained on the alert the cause of the tractionists. He hoped, as he believed would be the case, that the party would sustain its reputation in this country by giving Mr. Kinsolving the lead in the Legislature, a handful more than the Free Soil party.

H. D. McHenry presided with that dignity that characterizes all his actions.

Judge Walker advocates the introduction of political geography.

Col. Cullen, of Hawesville, was a spectator.

The Knights of Labor boycotted Wat Hardin.
